

## Change Password

### From Advantage Credit's Main page Under Preferences & Announcements

For security purpose, our system will automatically lock inactive user accounts after 60 days.

The national credit bureaus (Experian, TU and Equifax) require all passwords to be changed every 90 days.

Click on **My Account**

1. **Confirm** your email address
2. Enter your cell phone. (Optional- this allows the system to text you an authentication code if you log in from a computer/location that has not been previously registered)
3. **Check** Change Password
4. Enter new password and confirm

For security purpose, you will be required to enter your existing password before saving
